

MATERIALS+

Ideas for Architects & Interior Designers

About us

Materials Plus is a provider of exclusive interior & exterior design materials & furnishings.

Representing some of Europe's most prestigious manufacturers & artisans, we collaborate closely with architects, interior designers & contractors in the Middle East to provide custom solutions for major commercial & residential projects.

We provide Italian office furniture, elegant sound absorbing acoustic panels, beautiful wooden & high-tech flooring, innovative wall cladding & many other niche products.

The Materials Plus team will be delighted to assist you further, please contact our head office:
